**Program Length:** 79.0 hours  
**Mode of Learning:** Hybrid  
**Students:** Domestic / International  
**Credential:** Certificate  
**Entry Level for:** Medical Office  
Administration

# EMR & EHR

## CERTIFICATE COURSE

### Program Overview

The **Electronic Medical Records (EMR) and Electronic Health Records (EHR) Certification Program** at Futures Canadian College offers a hands-on, simulation-based training experience for students preparing for careers in medical clinics and hospital environments.

This two-module program equips learners with practical skills in **Accuro EMR**—a leading electronic medical record platform in Canada—and simulated hospital-based EHR systems like **Epic, Meditech, Cerner, and Connect Care**. Through interactive simulations, students learn to manage digital patient charts, coordinate healthcare operations, and perform administrative duties with confidence.

Ideal for medical office students, newcomers to the healthcare sector, or those upskilling for better job prospects, this training provides resume-ready experience that directly aligns with industry expectations.

# EMR & EHR CERTIFICATE COURSE

## Modules:

### Module 1

#### Accuro EMR for Clinic Settings (39.5 hours)

This module trains students on Accuro EMR, a widely recognized digital platform used in physician offices and allied health clinics across Canada.

Students will learn how to:

- Enter and update patient demographics
- Process provincial and private billing
- Record care plans and chart notes
- Upload medical imaging and lab reports
- Use built-in AI features to automate administrative tasks
- Navigate appointment scheduling and clinic workflows
- Outcome: Students gain familiarity with systems comparable to Telus EMR, OSCAR, and other commonly used Canadian platforms.

### Module 2

#### Hospital-Based EHR and Unit Clerk Simulation (39.5 hours)

This module prepares students for unit clerk and administrative roles in hospitals and long-term care settings by simulating Electronic Health Record (EHR) environments.

Students will practice:

- Patient admissions, discharges, and bed planning
- Managing diagnostic orders and interdepartmental communication
- Tracking patient movements and documenting care
- Supporting multi-provider coordination within EHR systems
- Using hospital-style EHR platforms such as Epic, Meditech, Cerner, and Connect Care
- Outcome: Students complete training with the technical confidence needed for institutional healthcare settings.

## Career Pathways

Graduates of this program are equipped for roles such as:

- Medical Office Assistant
- Unit Clerk
- EMR/EHR Data Entry Clerk
- Clinic Receptionist
- Medical Records Coordinator

Simulation training counts as experience, enhancing your employability and earning potential across Canada's healthcare sector.

## Admission Requirements

- Education: Ontario Secondary School Diploma (OSSD) or equivalent
- Mature Students: 19+ may qualify following an entrance assessment
- Language Proficiency: Required for non-native English speakers (IELTS, CELPIP, or equivalent)

## Technical Requirements

To ensure a smooth and effective training experience, students are required to meet the following technical specifications:

### Minimum Requirements

- **Processor:** 2.0 GHz or faster
- **RAM:** Minimum 2 GB (6 GB or more recommended)
- **Web Browser:** Google Chrome, Safari, or Microsoft Edge
- **Screen Resolution:** Minimum 1280x720 (16:9 aspect ratio)

**Note:** Accuro Web may require Java Version 8

### Recommended (Ideal) Specifications

- **Operating System:** Windows 11
- **Processor:** Intel i5 or i7
- **RAM:** 16 GB
- **Storage:** 512 GB SSD or higher
- **Screen Resolution:** 1920x1080 for optimal performance

## Why Choose Futures Canadian College?

Hands-on simulations that count as real-world experience

- Curriculum aligned with HIPAA-compliant, secure Canadian data standards
- Ongoing academic and technical support, Monday to Friday, 8:00 AM to 8:00 PM
- Recognized EMR brand training—Accuro is frequently listed in Canadian job postings
- Flexible, multimedia learning format (videos, online modules, interactive training)
- Built for visual, auditory, and kinesthetic learners

**Prepare today for a digital healthcare workplace.** Get certified in EMR and EHR systems that power Canada's clinics and hospitals.
